*Imagining Illness
An Evening of Art, Literature, and Music*

October 2, 2012, 5:30–7:30 p.m.

TMEC Auditorium

(260 Longwood Avenue, Boston)

ACKERMAN PROGRAM ON MEDICINE & CULTURE

Harvard Medical School, Division of Medical Ethics
641 Huntington Avenue Boston, Massachusetts 02115
www.ackerman.harvard.edu

We wish to thank the Ackerman Program for their generous support of this event.

The Ackerman Program of Harvard Medical School seeks to enhance research and teaching across a wide spectrum of fields devoted to the study of the culture of medicine. The A. Bernard Ackerman Endowment for the Culture of Medicine has established a professorship and supports a wide range of activities that encourage collaboration among the Faculty of Arts and Sciences (FAS), Harvard Medical School (HMS), and other departments throughout the University.

*Featuring live music, art exhibition, readings, and a panel
discussion by HMS students, faculty, and Granta*

Participants

Nicholas Bodner is a second-year student in the MD-PhD program at Harvard Medical School (HMS). He studied cello with Metta Watts and Orlando Cole.

Rafael Campo, MD is an internist at Beth Israel Deaconess Medical Center (BIDMC) and an associate professor of medicine at Harvard Medical School (HMS). He serves as Senior Scholar in the Katherine Swan Ginsburg Humanism in Medicine Program at BIDMC. Dr. Campos is the author of many volumes of poetry and essays including *The Enemy* and *The Desire to Heal*. Visit his website at www.rafaelcampo.com.

Linda H. Davis is the author of three biographies: *Charles Addams: A Cartoonist's Life, Badge of Courage: The Life of Stephen Crane*, and *Onward and Upward: A Biography of Katharine S. White*. She is the founding president of the SAGE Crossing Foundation, Inc., a nonprofit dedicated to offering creative farm-based programs, and ultimately lives, to adults with autism.

Sherman Jia, MD graduated from HMS in 2012. He is currently an internal medicine resident at BIDMC. He is concertmaster of the Longwood Symphony Orchestra.

David S. Jones, MD, PhD is A. Bernard Ackerman Professor of the Culture of Medicine at Harvard Medical School.

Suzanne Koven, MD is an internist at Massachusetts General Hospital and an assistant professor of medicine at HMS. She writes the monthly column "In Practice" for the Boston Globe. Visit her website: www.suzannekovenmd.com.

Samyukta Mullangi graduated from Emory University with degrees in biology and creative writing. She is a third year student at HMS and a freelance writer. Visit her blog at samyuk-tamullangi.wordpress.com.

Morgan Prust studied neuroscience at Middlebury College. After graduation, he worked at the National Institutes of Health, using functional MRI to study neurocognitive deficits in schizophrenia. He is a second-year medical student at HMS.

Amy N. Ship, MD is an internist and educator at BIDMC and an assistant professor of medicine at HMS. She serves as Director of the Katherine Swan Ginsburg Humanism in Medicine Program at BIDMC and holds an M.A. in art history from Columbia. Among her many teaching activities, Dr. Ship has taught "Training the Eye: Improving the Art of Physical Diagnosis" at HMS since 2005.

Lisa Wong, MD is a pediatrician at Milton Pediatric Associates and an assistant professor of pediatrics at HMS. She is President Emeritus of the Longwood Symphony Orchestra and in 2012 Dr. Wong published *Scales to Scalpels: Doctors Who Practice The Healing Arts of Music and Medicine* with Robert Viagas. Visit her website at www.dr.lisamwong.com.

Mounica Vallurupalli is a fourth year medical student at HMS completing a research year at Dana Farber Cancer Institute through the HHMI Medical Fellows program. She graduated from the University of Michigan where she served as Editor-in-Chief of the University of Michigan Undergraduate Research Journal.
